Bd.D.Mangeron 63,  
700050 IASI, Romania

Dear Prof.dr. ing. Leandru BUJOREANU

We are happy to learn about your upcoming visit to our CNR IENI (Lecco laboratory) for the study of metallic materials by advanced melting processing for the period of Sep. 15-30 2008. During Your visit our facilities will be available for demonstrative melts and sample characterizations under the responsibility of dr. Ausonio Tuissi.

I have no doubt that the visit will helpful to promote collaboration between our institution.

Dr. Sergio Daolio  
Director of CNR IENI
