UCTEA Chamber of Metallurgical Engineers

The Chamber of Metallurgical Engineers (CME) is a non-profit public organization founded in 1970 and is one of twenty-two Chambers, which constitute the Union of Chambers of Turkish Engineers and Architects. The CME membership at currently 4000 is increasing each year with new graduates from national and foreign universities.

The main functions of CME are to organize required and necessary activities and conduct studies in broad fields of production, shaping, improving properties, destructive and non-destructive testing of metallic and nonmetallic materials, however, announcing the new technologies and the knowledges for the use and benefits of the members of CME and the country. Within this context CME publishes a bimonthly journal entitled "METALURJI" and a bulletin called "BULTEN" in which news related to metallurgy and materials science appear. CME also organizes seminars, symposiums, panels, forums, congresses and fairs.

The supreme governing body of CME is the General Assembly which consists of the Chamber members and is done biannually. Board of Directors elected at the General Assembly is responsible from the execution of the functions mentioned above. Additionally, detailed studies on certain specific subjects are made by "work groups" that consist of specialists from universities, research institutions and the industry and established by the board of Directors.

TMMOB Metalurji Mühendisleri Odası

Türk Mühendis ve Mimar Odaları Birliği'ne bağlı olarak ilgili yasa hükümlerine uygun şekilde 1970 yılında kurulan Metalurji Mühendisleri Odası, kamu kurumu niteliğinde bir meslek kuruluşudur. Halen 4000 olan Metalurji Mühendisleri Odası üye sayısı, her yıl metalurji dalında mühendislik eğitimi veren yurtıcı ve yurtdışı üniversitelerinden mezun olanlarla artmaktadır.

Ülke ve Oda üyelerinin hak ve yararları gözetilerek, metal ve metal dışı malzemelerin üretimi, şekillendirilmesi, özelliklerinin geliştirilmesi, hasarlı ve hasarsız kontrolleri vb. alanlarda, ihtiyaç duyulan ve gerek görülen etkinlıkların organizasyonu ve çalışmaların yapılması, sektörümüzde yapılan çalışmaların, yeni teknolojilerin ve bilgi birikiminin çeşitli araçlarla meslekaşlarımıza ve sektör mensuplarına duyurulması, üyelerin durumlarının iyileştirilmesi, oda amaçlarının temelini oluşturmaktadır.

Bu amaçlar doğrultusunda Metalurji Mühendisleri Odası iki ayda bir "METALURJI" dergisini ve Oda faaliyetlerinin, sektörle haberlerin güncel şekilde aktarıldığı "BÜLTEN'i yayılmakta ve seminer, sempozyum, panel, forum, fuar gibi etkinlikler organize etmektedir.

İki yılda bir yapılan ve Odaya kayıtlı üyelerin katılımıyla gerçekleştirilen Genel Kurullarda oluşan Oda Yönetim Kurulu yukarıda bahsedilen çalışmaların yürütülmesinden sorumludur. Ayrıca, Oda Yönetim Kurulunca oluşturulan ve üniversite, araştırma kuruluşları ve sanayiden uzmanların yer aldığı çalışma gruplarında belli konularda ayrıntılı çalışmalar yapılmaktadır.
